## **About Tasha Bell ...**

Tasha is one of the volunteer event directors for motionball Calgary, and happens to absolutely love wine! Tasha grew up in Penticton, BC and worked in restaurants and hospitality for over 10 years. Her wine education started with learning wine lists as a server at local restaurants, and her passion grew with helping customers' pair local wines with their meals. Tasha has now completed Levels 1, 2, and 3 of the Wine, Spirit, and Education Trust program. Her pursuit of wine education was a continuation of her passion for wine, and transformed her interest in wine to a full-on hobby. Tasha now works part-time at a local wine store on weekends, in addition to her day job as an engineer. She is very excited to combine her passions of motionball and wine, and guide us on this wine tour!

***All seminar registration fees will be split equally between motionball and The Hunger Project Canada, unless otherwise specified at the time of payment.***
